Dear Customer

This catalogue has been created to give you, as our customer, a better overview of the various products we offer at UnitPartner. You can also use it with your own customers to gain inspiration and insight into our supplier's top products.

At UnitPartner, our roots go all the way back to 1972. Since then, we have been supplying fittings, solid wood drawers, carcasses, fronts, and other components to kitchen, interior, and furniture manufacturers. Over the years, we have evolved and no longer see ourselves merely as a supplier but as a close sparring partner who helps you achieve top quality at competitive prices.

Our commitment, high level of service, and attention to detail have enabled us to build a strong and well-established supplier network with the very best and most innovative manufacturers. We are therefore proud to offer the market's widest and most exciting product range, along with an innovative ordering platform developed to provide a clear overview and save you time.

Best regards

UnitPartner Team

Nothegger Massiv have been producing wooden drawers, corpuses, kitchens, tables, and accessories with this philosophy since 1971. They focus on efficiency and sustainability as well as quality and variety.

Take their order processing for example.

We offer a selection of 28 European wood types, individual production from batch size 1 - and yet short delivery times.

In this catalogue, we present the most common drawer types and details about drawers.

■ DRAWER QUALITY

Superior Quality

Highest wood quality. Structure in wood are mixed. For example on oak, will there be a mix of straight and flamed wood structure. The wood pieces in the drawer will be random.

Small knots may occur. Small wood defects are allowed. More pieces of wood is put together. Therefore, there will and can be color difference as we are using natural products. Wood quality A/B.

CABINET Quality

Do you wish a cheaper alternative, is cabinet a bit cheaper than superior quality.

Quality and a cheaper solution make it a good choice for Type B drawer type.

Cabinet can be with knots and splint in the wood. Wood quality B/C
